PROFILE

Web Developer with 2.5+ years of experience in building and maintaining responsive, user-friendly web applications. Proficient in PHP, HTML, CSS, and JavaScript, with working knowledge of SOAP UI and Java. Known for strong problem-solving abilities, a collaborative mindset, and the capacity to work independently. Contributed to multiple successful projects at Superior Codelabs, consistently recognized for sincerity, attention to detail, and a passion for continuous learning and growth.

PROFESSIONAL EXPERIENCE

IntelliOasis Jan 2025 – present | Bangalore, India
Full Stack Developer

  Insurance Projects – Focus with API Integrations
- Focused on **frontend development** for insurance projects, ensuring responsive, user-friendly interfaces for brokers and end-users.
- Integrated **insurance company APIs (ICs)** into frontend applications to support functionalities like **policy issuance**, **premium calculations**, and **claims management**.
- Collaborated with backend developers to ensure seamless **API integration** and **data flow** between frontend interfaces and insurance company systems.
- Implemented **UI/UX best practices** tailored to different broker requirements, ensuring a smooth user experience across devices.

Superior Codelabs Dec 2022 – Jan 2025
Web Developer Bangalore, Karnataka, India

  End-to-End Implementation of Multi-Insurance Company Integrations for Brokers
  Broker-Specific Customizations
- Collaborated with numerous brokers, each having unique business logic and workflow needs.
- Tailored integrations based on each broker's selected insurance companies (ICs) and policy offerings.

  Project Responsibilities
- **Requirement Gathering**
- **Development**
- **API Integration**
- **Testing & Validation**
- **Deployment**

  Workflow & Compliance Management
- Ensured each IC integration met **IRDAI and industry compliance standards**.
- Handled sensitive data securely, including personal details and policy documentation.

  Performance and Scalability
- Architected the system for future scalability, allowing easy addition of new ICs.
- Optimized API interactions and data handling for consistent performance under load.

  Documentation and Training
- Created comprehensive documentation for each IC integration to support:
- Trained internal QA and support teams on IC workflows and troubleshooting practices.

SKILLS

PHP │ **HTML** │ **CSS** │ **JavaScript** │ **REST APIs** │ **Manual Testing** │ **Tools and technologies** — Visual Studio Code, postman, Soap UI, Github, Git, Play console Deployment, Figma, │ **Java** │ **Manual Testing** │ **SDLC Concepts** │ **Defect Life Cycle** │ **Agile model.**

EDUCATION

B.Tech Computer science and engineering Jun 2018 – Jun 2022 | karnataka, India
Sharanbasva University(Autonomous)

PUC Kalaburgi, India
Shree guru Independent College Kalaburgi(State Board)

CERTIFICATES

Software Testing — QSpider Core Java , Selenium tool , Manual Testing
